*As Featured On*

*An appreciation for heritage  
without being defined by it,  
quirky, stylish and fun.*

Over the last 5 years the UK Hot Tub industry has seen (and survived) the 'website only' internet traders effect, with many customers purchasing hot tubs online.

Many hot tub retailers focus on almost 'too good to be true' pricing, with no in-store experience or professional aftercare, so the customer later regrets their purchase due to high running costs and low reliability.

### **There has to be a better way?**

This is where the story of British Hot Tubs begins. With over 40 years' experience in the industry we have created a '**designed in the UK**' range of hot tubs, with the sole objective to achieve a high specification hot tub at great value for money. British Hot Tubs adhere to international standards and are fit for the UK's variable climate, backed by the best warranties in the business.

## ABOUT US

## PROUDLY DESIGNED IN THE UK

We have invested 12 months and a huge budget in creating the right partnership, the right designs and the right processes - this is important to us to ensure that our customers will buy a product that is reliable, safe and energy efficient.

Our range of 13 hot tubs feature the very best available innovations and North American parts and components.

HELP TO GROW

## NO HIDDEN COSTS

Our range is especially adapted for the variable British climate and offers excellent energy efficiency, performance, innovation and beautiful designs - ultimately enabling you to enjoy your hot tub experience without worrying about high electrical costs and tedious water management.

## OUR COMMITMENT TO YOU

We are passionate about hydrotherapy and the life-changing benefits of owning a hot tub. We are dedicated to making a difference in how your body heals, how you interact with loved ones and ensuring that we make a lasting impact in your life by providing the best quality product - a hot tub to be proud of.

# FEATURES

At the heart of every British Hot Tub are the key principles of energy efficiency, reliability, innovation and user experience.

That's why we can boast a long list of unique features! We have the experience, the knowledge and the customer feedback over a long history to enable us to design the ultimate hot tub.

ECOZONE™

There are 3 layers of insulation to our Eco Zone system which not only protects the parts and plumbing, but helps to reduce the noise from the vibrations of the spa and ultimately locks the heat in ensuring lower running costs.

PUREZONE™

Our Pure Zone system is perfect for those with sensitive skin, who want the most chemical free system possible.

Upgrade to Purezone Plus, when the spa water filters, it combines ozone and water in a UV mixing chamber to ensure ozone comes into contact with every drop of water, attacking and destroying any bacteria, to provide the cleanest and purest water possible.

80% more effective than the average skimmer filtration system, Clear Zone technology provides external pressurized filtration where the filter is outside of the bathing area.

This provides cleaner, clearer water, less chemical consumption and maintenance, lower running costs and is ultimately more hygienic for all bathers.

This is a chlorine free inbuilt self-dosing system allowing the water to be sanitized gradually using easy to use water cleaning cartridges.

Clean Zone helps to reduce maintenance and chemical consumption and gives a bonus of softer water with no harsh chemical odour.

## ZENZONE™

Unwind in the Zen Zone with drinks holders, colour changing lighting and soothing waterfalls.

The soothing waterfalls offer bubbling cascades of water, adjustable rope and blade water features. The waterfall spray can be switched to create a water flame or a subtle bubble flow.

Upgrade to Zen Zone Plus and light up your waterfall and cup holders to create a multi-colour lighting show.

## VIBROZONE™

Vibro Zone is our carefully and cleverly designed waterproof, audio system and is housed in the cabinet of your spa, to deliver spectacular sound.

Upgrade to Vibro Zone Plus for a 4 speaker system with Bluetooth, Aux, USB & Radio, along with a waterproof remote control, coupled with an impressive subwoofer for the ultimate party atmosphere.

## SOLIDZONE™

The ABS fibreglass base protects the inner structure of the hot tub and provides a substantial and stable platform for the hot tub to be positioned securely.

The treated timber frame, allows for the hot tub structure to expand and contract, to absorb the unavoidable moisture which is created within the high humidity environment of a hot tub cabinet.

The strongest Aristech® acrylic shells are used which are backed with vinyl ester resin and reinforced with 10-12 layers of hand rolled fibreglass to ensure there is a perfect bond between the acrylic and the glass fibre, and to eliminate the risk of delamination, blistering and spider cracking of the hot tub shell.

Steel reinforcement is placed along the stress points of the spa shell for additional strength and support in specific structural areas.

Aristech Acrylics® is the leading provider of acrylic sheets to the hot tub and bath industry for almost 50 years. Our hot tub shells are the highest quality and strength and include Microban antimicrobial product protection which inhibits the growth of harmful bacteria that can cause odours, stains, and product degradation.

That's why our hot tub range comes with a 10 year shell guarantee.

We use USA Made Balboa Control Systems and Heaters (The worlds best hot tub control system) which utilise patented piezo electronic switch technology and unique potting techniques to eliminate moisture in harsh environments, thus offering control panel quality and reliability that is second to none.

### WiFi Ready

Our hot tubs are all WiFi ready, and with the WiFi app upgrade you can control your hot tub directly from your smart phone or tablet.

## ACUZONE™

Our Acu Zone massage is inspired by acupressure therapy. The small but powerful acupuncture jets knead your body and helps reduce stress levels or alleviate pain.

## SPORTSZONE™

Sports Zone features directional strategically placed jets which produce a deeper penetrating hydro massage experience, that rehabilitates by targeting soft tissue areas.

## GYROZONE™

The Gyro Zone consists of a bank of vibrating and rotating jets that focus on the back and the legs, offering a deep tissue massage to stimulate bloodflow to sore and tense muscles.

## POWERZONE™

The Power Zone has large 5" jets targeted to the upper and lower back that offer a powerful typhoon of hot water hydrotherapy which creates a high pressure pulsating massage.

## FOOTZONE™

Important nerve endings in the feet connect to all parts of your body. Foot Zone™ targets upper and lower parts of the feet with invigorating streams of water providing relaxation throughout the body.

## FIBROZONE™

The Fibro Zone offers a spa within a spa, with a massage sequencer seat controlled by a separate control pad offering a head to toe massage - which is either gentle or firm - with all over jet therapy.

Although all hot tubs offer massage features, we take therapeutic value very seriously. A survey of our customers uncovered the fact that therapeutic benefits are the main reason why people invest in a hot tub.

Over the years, we have consulted with physiotherapists, and athletic experts to help maximise our Hot Tub design and build, to bring you uncompromising hydrotherapy.

That is why our hot tubs are designed with you in mind – our models offer strategically placed jets and advanced fully customizable massage features.

More jets does not necessarily mean a more effective massage. Precisely locating the correct size jet and massaging action where they are most effective, is key to providing health benefits. Therefore, we have created various zone therapy seats in our British Hot Tubs to focus on specific areas of the body for the ultimate hydrotherapy experience.

## SPECIFICATION

<b>DIMENSIONS:</b>	208 x 177 x 85 CM
<b>SEATS:</b>	5-6 Person All Seater
<b>PUMPS:</b>	2 (1 x 1.5HP/1 x 2HP)
<b>POWER:</b>	13 AMP Plug n Play
<b>JETS:</b>	70 Recessed Stainless Steel
<b>FILTRATION:</b>	Pressurized Filtration

## WESTWOOD™

Perfect for a larger family where space is a little limited.

2 max therapy seats deliver wrap around water massage and bench seating offers head to toe hydrotherapy. The clever seating arrangement allows for a cool down seat and a total of 5 individual, quite unique and uncompromising hydrotherapy experiences including the Acu Zone - benefiting from the soothing blade waterfall for the neck and shoulders.

## SPECIFICATION

<b>DIMENSIONS:</b>	195 x 195 x 86 cm
<b>SEATS:</b>	6 Person All Seater
<b>PUMPS:</b>	2 (1 x 1.5HP/1 x 2HP)
<b>POWER:</b>	13 AMP Plug n Play
<b>JETS:</b>	71 Recessed Stainless Steel
<b>FILTRATION:</b>	Pressurized Filtration

## SHAKESPEARE™

Ideal for a smaller patio and will fit through most standard doors. Despite its low profile at 76cm the lower seats mean your shoulders will still be below the water surface.

There's room for the whole family with the bonus of a variety of high and low seating arrangements, a 30 jet Acu Zone seat and multiple jet arrangements.

## SPECIFICATION

<b>DIMENSIONS:</b>	195 x 195 x 86 CM
<b>SEATS:</b>	5 Person Lounger
<b>PUMPS:</b>	2 (1 x 1.5HP/1 x 2HP)
<b>POWER:</b>	13 AMP Plug n Play
<b>JETS:</b>	70 Recessed Stainless Steel
<b>FILTRATION:</b>	Pressurized Filtration

## SPENCER™

Perfect for a larger family where space is a little limited.

2 max therapy corner bucket seats deliver wrap around water massage and the bench style design makes socialising easy. The head to toe massage lounger offers full body therapy benefiting from the luxury neck pillow, and the cool down seat is great for those who may not want to be as immersed in the water.

## SPECIFICATION

<b>DIMENSIONS:</b>	213 Diameter x 92 CM
<b>SEATS:</b>	6-7 Person
<b>PUMPS:</b>	2 (1 x 1.5HP/1 x 2HP)
<b>POWER:</b>	13 AMP Plug n Play
<b>JETS:</b>	70 Recessed Stainless Steel
<b>FILTRATION:</b>	Pressurized Filtration

## WINSTON™

Reminiscent of the original, barrel-style hot tubs. Entertain up to seven guests in this classic barrier-free seating design, featuring a spacious foot well and an authentic typhoon jet.

The circular design offers social seating perfect for all shapes and sizes. This spa also offers higher cool down seating - also perfect for the smaller person and doubles up as an access step.

## SPECIFICATION

<b>DIMENSIONS:</b>	212 x 150 x 86 cm
<b>SEATS:</b>	3 Person Lounger
<b>PUMPS:</b>	2 (1 x 1.5HP/1 x 2HP)
<b>POWER:</b>	13 AMP Plug n Play
<b>JETS:</b>	71 Recessed Stainless Steel
<b>FILTRATION:</b>	Pressurized Filtration

## MERCURY™

Perfect if access to your back garden is limited and will fit through a standard doorway.

With luxury neck pillows in every seat the Mercury seats 3 comfortably, with a hydrotherapy lounger that offers 2 types of massage and fits a variety of body shapes for ultimate comfort. The low profile makes entry in and out of the spa easier, and because of the deeper shaped seating the depth of water is not compromised.

## SPECIFICATION

<b>DIMENSIONS:</b>	214 x 201 x 87 CM
<b>SEATS:</b>	6 Person All Seater
<b>PUMPS:</b>	2 x 3HP
<b>POWER:</b>	32 AMP
<b>JETS:</b>	106 Recessed Stainless Steel
<b>FILTRATION:</b>	Pressurized Filtration

## KENSINGTON™

Perfect for any family with a range of hydrotherapy seats to suit all shapes and sizes, including a higher cool down doubling up as a step for easy accessibility.

The clever seating arrangement allows for a bench style seating area, as well as two wrap around max therapy bucket seats. Featuring a range of massage zones, the Kensington is packed with hydrotherapy benefits and also features the exclusive blade waterfall to soothe those aching shoulders.

## SPECIFICATION

<b>DIMENSIONS:</b>	191 x 229 x 92 CM
<b>SEATS:</b>	6-7 Person All Seater
<b>PUMPS:</b>	2 x 3HP
<b>POWER:</b>	32 AMP
<b>JETS:</b>	113 Recessed Stainless Steel
<b>FILTRATION:</b>	Pressurized Filtration

## SANDRINGHAM™

An all seated hot tub designed specifically to suit a range of body shapes, with bucket and ergonomic seating boasting an array of hydrotherapy massage zones.

This hot tub is packed with power and benefits from a large foot well and beautiful waterfalls, perfect as a social hub as well as offering a high quality massage experience.

## SPECIFICATION

<b>DIMENSIONS:</b>	207 x 207 x 92 CM
<b>SEATS:</b>	6 Person Lounger
<b>PUMPS:</b>	2 x 3HP
<b>POWER:</b>	32 AMP
<b>JETS:</b>	116 Recessed Stainless Steel
<b>FILTRATION:</b>	Pressurized Filtration

## BALMORAL™

Loaded with aquatic luxury this hot tub is one of the most popular in its range, featuring a range of massage seats including a head to toe hydrotherapy lounger designed to resist body flotation.

With bench style seating, a higher cool down area and wrap around bucket seating, this spa has a seat for everyone to enjoy with a massage to suit all muscle groups - packed with power and a beautiful design.

## SPECIFICATION

<b>DIMENSIONS:</b>	207 x 207 x 92 CM
<b>SEATS:</b>	6-7 Person All Seater
<b>PUMPS:</b>	2 x 3HP
<b>POWER:</b>	32 AMP
<b>JETS:</b>	111 Recessed Stainless Steel
<b>FILTRATION:</b>	Pressurized Filtration

## WINDSOR™

This is the best selling compact all seated hot tub designed to suit all all body shapes.

The perfect combination of powerful massage therapy and unique contoured seating - loaded with high volume, sophisticated jets targeting all muscle groups. Choose from higher cool down areas, wrap around max bucket seats or a bench style design enabling you to move around and socialise easily. This model has a seat to suit all, benefiting from stunning waterfalls, a large foot well and steps into the spa for easy access.

## SPECIFICATION

<b>DIMENSIONS:</b>	234 x 234 x 93 CM
<b>SEATS:</b>	6-7 Person Lounger
<b>PUMPS:</b>	3 x 3HP
<b>POWER:</b>	32 AMP
<b>JETS:</b>	129 Recessed Stainless Steel
<b>FILTRATION:</b>	Pressurized Filtration

## EMPIRE™

This model features ergonomic contoured seating which promotes proper body positioning for maximum massage effect, designed with the human body form in mind.

The 2 max therapy bucket seats offer an invigorating sports massage from the array of massage jets, targeting the upper and lower back as well as the hips. The hydrotherapy lounger stimulates the whole body with a no float designed to keep the bather firmly in place. This spa also benefits from bench style seating perfect for socialising, as well steps into the spa, beautiful waterfalls and a large non slip foot well.

## SPECIFICATION

<b>DIMENSIONS:</b>	234 x 234 x 93 CM
<b>SEATS:</b>	7-8 Person All Seater
<b>PUMPS:</b>	3 x 3HP
<b>POWER:</b>	32 AMP
<b>JETS:</b>	129 Recessed Stainless Steel
<b>FILTRATION:</b>	Pressurized Filtration

## STERLING™

One of the largest all seated spas in its class perfect for entertaining or creating your own luxurious escape.

The seating configuration delivers an exhilarating and soothing massage, Powerful pumps provide an explosion of water through the floor mounted volcano jet and helps turn the hydrotherapy paradise into a torrent of hot water fun and pleasure. Coupled with non-slip steps into the spa and stunning waterfalls this spa is the ultimate relaxation destination.

## SPECIFICATION

<b>DIMENSIONS:</b>	234 x 234 x 93 CM
<b>SEATS:</b>	5-6 Person Lounger
<b>PUMPS:</b>	3 x 3HP
<b>POWER:</b>	32 AMP
